

Goddess (Remastered 2013)

Dark Side Cowboys

I know you
You're out there
But do you really know who I am
Can you hear me if I scream
Can you recall me now
Can you tell pleasure from pain
Or is your love but a drug
Then ask me to follow that road again
You know.... I'd rather be dead
Now listen
Do you know the Goddess you pray to
An icon or is she for real
Do you know she favours her mistress
Do you know it's me
Our God is a blind one
Don't think that you'll be seen
Your gift is a heartache
But don't think it will bother me
Despair my pale angel
I'll lay you down to sleep
So that this world won't be frightening to thee
I'll show you what's hidden
Beneath the cross that I precede
It's not very different
But I'm trapped in this you see
Can you hear me if I scream
Can you recall me now
