

Call It Love

Morcheeba

Call it love
Call it whatever you want if it suits you
Take what you need
Take everything that this world has to give you
And you won't owe anyone a thing when it's said and done
Go on now have your fun
Go on now have your fun I've been your fool a thousand times
I can't believe I thought you'd be mine
And now you're saying you're too tired to try
And like a fool I'm asking you why You call it love
And you took everything I could give you
And now you don't owe anyone a thing
'Cause it's said and done
Go on now have your fun
Go on now have your fun And take a good look at me
Before you walk away
Don't tell me who you're trying to be
Don't tell me what you're trying to say It's time for one of us to draw a line
So that the two of us can clearly see
And I refuse to keep on losing
To a world you don't wanna keep You call it love
And you took everything I could give you
And now you don't owe anyone
A thing 'cause it's said and done
Go on now have your fun
Go on now have your fun
