Sunset (Jamie Jones remix)

The xx

I saw you again, it felt like we had never met
It's like the sun set in your eyes and never wanted to rise
And what have you done with the one I love?
When I look into your eyes, I see no surpriseI always thought it was sad
The way we act like strangers
After all that we had
We act like we had never metWe make believe, I've never seen your face, you neither mine
And catch my eye, don't register a smile
You were more than just a friend, oh but the feeling
It never came to an end, I can't bear to see youI always thought it was a shame
That we have to play these games
It felt like you really knew me
Now it feels like you see through meWhen I see you again
I'll know not to expect
Stay one step away
We will have to waitWhen I see you again
And I'm greeted as a friend
It is understood
That we did all we couldI always thought it was sad
The way we act like strangers
After all that we had
We act like we had never metI always thought it was a shame
That we have to play these games
It felt like you really knew me
Now it feels like you see through me
