

Girlfriend

The Bohicas

Girlfriend
Where are ya going
I said girlfriend
You can act like you don't know it
But my world ends
By the swing and by the slam of the door
Behind you when I find you said course
So where are ya going girlfriend
Midnight
I scaled the suburbs
Every midnight
I lose my lover
And I try to fake like
Going on the mopeds speed through
Always mahem in the A.M.
With you
So where are ya going girlfriend
And ya still won't pick up the phone
Location unknown
Where do you belong
Where ever it is
What ever you do
When you disappear
And when I find you
I remember why
You are my girlfriend
My girlfriend
My girl
...
Uptown
In the arms of another
Can't you come down
Making me suffer
Cause my my name I know
And you still won't pick up the phone
Location unknown
Where do you belong
Where ever it is
What ever you do

When you disappear
And when I find you
I'll remember why
You are my girlfriend
My girlfriend
My girl
I remember why
You are my girlfriend
My girlfriend
My girl yeah
Where ever it is
What ever you do
When you disappear
And when I find you
I'll remember why
You are my girlfriend
My girlfriend
My girlfriend
You're my girlfriend
You're my girlfriend
You're my girlfriend
My girl
