

You Call It Madness

Diana Krall

I can't forget the night I met you
That's all I'm dreaming of
And now you call it madness
But I call it love You made a promise, to be faithful
By all the stars up above
Now you call it madness
But I call it love My heart is beating, it keeps repeating
For you constantly
You're all I'm needing, so I am pleading
Please come back to me You made a plaything out of romance
And what were you thinking of
For now you call it madness
But I call it love My heart is beating, it keeps repeating
For you constantly
You're all I'm needing, so I am pleading
Please come back to me You made a plaything out of romance
And what were you thinking of
For now you call it madness
But I call it love
