

# Flicker, Fade (Official Music Video)

## Taking Back Sunday

If you should change your name,  
I'll love you just the same  
and if you should run away,  
I would save your place  
so you can go, go, go  
if you want to I wouldn't try  
and stop you  
but I couldn't say I blame you Flicker flicker fade, destroy what you create  
and wonder why it always ends the same,  
you wonder why it always ends the same When I said "I hate that song"  
about fire and sex you love,  
I couldn't tell you why,  
why I did it, why I lied  
and I know it's wrong, wrong, wrong  
it's evil but true it's what  
I want to make you  
(so I can say I blame you) so I can say I blame you Flicker flicker fade, destroy what you create  
and wonder why it always ends the same,  
Flicker flicker fade, destroy what you create  
and wonder why it always ends the same,  
you wonder why it always ends,  
you wonder why it always ends the same
