White Flag

Maxeen

Stuck in school
Learning the rules
We'll find out
Just who we areWhat if teacher tells us lies
That we believe?Graduate
Clean the slate
They had no clue
Just who we wereWhat if the teacher told us lies
That we believe?
As another dreaded autumn
Sheds its leavesFighting words
Say I failed
Wounds will heal
ExhaleTime's a ship on water
Innocence gets lessen
As you sail
You sailWhat if teacher told us lies
That we believe?
As another dreaded autumn
Sheds it's leavesWhat if happiness
Is solar systems away
Then I might as well
Just wave the white flag
