

# 2 Man Show

## Timbaland

Hold up, y'all

Hold up

Not yet

Hold up

Now

Go 'head

Go 'head

Like that

Yeah

Mm

That's cool

Ooh

Bring it in

I heard that; come on, and play that back

I'm really feeling that; come on, smash track

It's just the regular two-man show

I heard that; come on, and play that back

I'm really feeling that; come on, smash track

It's just the regular two-man show

Doesn't it sound good to ya, don't you agree?

Doesn't it sound good to ya, don't you agree?

Come on, break it down

What

Huh

Oh

I heard that; come on, and play that back

I'm really feeling that; come on, smash track

It's just the regular two-man show

I heard that; come on, and play that back

I'm really feeling that; come on, smash track

It's just the regular two-man show

Oh

Doesn't it sound good to ya, don't you agree?

Doesn't it sound good to ya, don't you agree?

Listen to me right here

I like that

Gimmie, gimmie that

Come on

Take it to the high level

Go a lil' higher then that

Higher

Switch it up

I like that

I like that

Kill 'em

I like that

Grab yo' lady and hug her tight

Uh huh, uh huh

Shock value
