With You (feat. Jacob Evans)

Coletrane Williams

Never thought I'd find a friend like you,
Who would ever stay so true
Respawn in your energy
I'm fond of your memories,
Telling me it's okay

Never thought I'd fine someone like you,
Who would ever stay through and through
I don't want to waste anymore time
There's no doubt in my mind

You're the one for me
There's nowhere I should be
But with you (with you)

"Now this is the part of the song were I get to say everything left unsaid, like how much I love you, how much I need you..."

(Oh) Can you take me higher?
Can you take me
Higher, higher, higher higher X2
Can you take me higher...
