

# Kinna Right

Tyrese

Ohh, I ain't never been the type to trip  
But I guess I never had a night like this  
When someone walked into a crowded room  
And danced around and shut it down, she left me so confused  
Now I know just what I'm here to do  
The situation turned to me and you, yeah  
And if you let me be the one you're with  
I'll be the one to care for you, whenever you need  
Can we chill tonight 'cuz you're lookin' kinna right?  
Girl your body's tight, it's feelin' kinna right  
For sure you know, that money can't buy  
Your heart is so tight, girl you're kinna right tonight  
Cuz you're lookin' kinna right  
What you're doin' to me is feelin' kinna right  
For sure you know, I'm gonna keep it real  
The booty's on my mind, girl you're kinna right tonight  
Girl you're kinna right tonight  
I've been with a few girls before you  
But I can't remember them anymore, ooh  
'Cuz every since you came around my way  
And spent some time, it blew my mind  
I'm caught up on you, baby  
Now there's no one else for me but you  
And there's so many things we've got to do  
And I'm gonna be what you need me to be, yeah  
Girl I'll ride for you if you want me to  
Anytime you got's to get anymore, oh yeah  
Girl you know you can call, you can call  
'Cuz you're everythin' I'm waiting for yeah  
You're everythin' I need and more  
Can we chill tonight 'cuz you're lookin' kinna right  
Girl your body's tight, it's feelin' kinna right  
For sure you know, that money can't buy  
A honey so tight, 'cuz girl you're kinna right tonight  
Cuz you're lookin' kinna right  
What you're doin' to me is feelin' kinna right  
For sure you know, I'm gonna keep it real  
The booty's on my mind, girl you're kinna right tonight  
How you gonna wear a dress like that tonight  
You know it ain't right  
You're makin' it kind of hard for me to concentrate  
It's more than I can ever take  
Oh, I can't wait to feel your body next to me  
So I'm gonna take this night with you  
To do the things that we came here to  
Baby  
Can we chill tonight 'cuz you're lookin' kinna right?  
Girl your body's tight, it's feelin' kinna right  
For sure you know, that money can't buy  
A honey so tight, girl you're kinna right tonight  
Cuz you're lookin' kinna right  
What you're doin' to me is feelin' kinna right

For sure you know, I'm gonna keep it real  
The booty's on my mind, girl you're kinna right tonight Girl you're kinna right, your body kinna tight  
And babe I just might, girl you're kinna right tonight  
Girl you're kinna right, your body kinna tight  
And babe I just might, girl you're kinna right tonight Girl you're kinna right, your body kinna tight  
And babe I just might, girl you're kinna right tonight  
Girl you're kinna right, your body kinna tight  
And babe I just might
