

OG Bobby Johnson

Que

Word on the street I'm a suspect
Hangin' with the killers in the projects
Potato on the barrel keep quiet (shh)
Catch a nigga slippin' from behind (boom)

O.G. Bobby Johnson
O.G. Bobby Johnson Wipe a nigga out like an outbreak
Choppa start bustin' make the house shake
Fuck niggas sweeter than a pound cake
Get your eyes on your chin better watch what your mouth say
Lean with the footballs got a nigga trippin' (zans)
Fuck it, fuck it, nigga keep sippin'
Dirty AK with the beam on it
Clip so long I could lean on it
Free my niggas locked behind bars
Moved a hundred pounds before a lawyer beat the charge (beat it)
Pack touch down run it back like Marshall Faulk
If a nigga try to rob fuck it hit em with the hawk (boom) Word on the street I'm a suspect
