Solar Powered Life

The Classic Crime

She's got a solar powered life
She dies without direct sunlight
But every morning in the spring
She wakes up early
And this is what she singsMy oh my what a beautiful day outside
Hey hey what a beautiful day
My oh my what a beautiful day outside
Hey hey what a beautiful day
YeahMy baby gets depressed at night
All hope is gone with the twilight
But every morning after dawn
She sings to me
And this is her love songMy oh my what a beautiful day outside
Hey hey what a beautiful day
My oh my what a beautiful day outside (beautiful day)
Hey hey what a beautiful day
YeahI give you everything you need
I give vacations by the sea
If that's what you need girl
I give you everything you want
Sitting sipping smoothies with your sunglasses onMy oh my what a beautiful day outside (beautiful day)
Hey hey what a beautiful day (beautiful day)
My oh my what a beautiful day outside (beautiful day)
Hey hey what a beautiful day (beautiful day)
My oh my what a beautiful day outside (beautiful day)
Hey hey what a beautiful day (beautiful day)
Yeah
