Breaking Robot

Loreen

Baby you know that I told you that I'm done with you
There's no need to cry tears only drown you slowly
Baby you know that I told you a million times to let me be
Baby you know 'cause I , I told you to set me freeThe more I try, the more I die
The more we lie, the more we cryWhy we are staying,staying,staying (x3)
Paving the way to your heart
But we're always gonna break itTake me away from here this madness is too much for me
Was I a certanty I told you to set me freeThe more I try, the more I die
The more we lie, the more we cryWhy we are staying,staying,staying (x3)
Paving the way to your heart
But we're always gonna break itWhen it's closed and blue
And the heart has just turned cold
It's all set and done
When the love has turned to stone
It's all set and done
'Cause we just can't love no more'Cause the more we lie, the more we cry,we cry,we cry,we cryThe more I try, the more I die
The more we lie, the more we cryWhy we are staying,staying,staying (x3)
Paving the way to your heart
But we're always gonna break it
