

(Brother) Take It Out

Martini Ranch

(No good!)

Brother lashing out at brother
Mother, you don't want to hear it
Father says keep him in the closet
Sister, go and have a baby
Brother take it out on brother
Sister take it out, take it out on sister
Father take it out on lovers
Mother, father, take it out
Brother, you must live your own life
Mother, quit pretending you're a housewife
Father, take a good look in the mirror
Sister, you're not your brother's keeper
Brother take it out on brother
Sister take it out, take it out on sister
Father take it out on lovers
Mother, father, take it out
