Call The Cops

Mario

Rock baby rock, rock baby rock, rock baby rock
Shake it up, shake it up, shake it up
Rock baby rock, rock baby rock, rock baby rock
I met her right outside of the club
Her conversation got the best of me
When she said she's gonna
Shut it down, shut it down, shut it down, yeah
Look, I ain't no easy win
Won't you put your money where your mouth has been
Or else you need to back up, back up
Shorty back up
Then her body started movin'
Looks like I'm loosin'
'Cuz I got a little horny
Little mama put it on me early in the club
Girl what you got, girl what you got?
Girl what you got, girl what you got?
Girl what you got, girl what you got?
Girl what you got, girl what you got?
So somebody call the cops 'cuz Shorty's a problem
Somebody call the cops
Girl what you got, girl what you got?
Girl what you got, girl what you got?
Girl what you got, girl what you got?
Girl what you got, girl what you got?
So somebody call the cops 'cuz Shorty's a problem
Somebody call the cops
Right on back to the crib
You should've saw what this lady did
'Cuz it really started
Goin' down, goin' down, goin' down
If you can't get in touch with your girl
That means she caught up all in my world
'Cuz she like the way
I put it down, put it down, put it down
And then her body started movin'
Looks like I'm loosin'
'Cuz I got a little horny
Little mama put it on me early in the club

Girl what you got, girl what you got?
Girl what you got, girl what you got?
Girl what you got, girl what you got?
Girl what you got, girl what you got?
So somebody call the cops 'cuz Shorty's a problem
Somebody call the cops
Girl what you got, girl what you got?
Girl what you got, girl what you got?
Girl what you got, girl what you got?
Girl what you got, girl what you got?
So somebody call the cops
Somebody call the cops
Party in the back, that's when Shorty started actin' naughty
So we took her to the back and started freakin' in the party
Then I, threw her legs up, flipped her waist up
Look her in the face, she had her problems solved
Party in the back, that's when Shorty started actin' naughty
So we took her to the back and started freakin' in the party
Then I, threw her legs up, flipped her waist up
Look her in the face, she had her problems solved
By the time she finished dancin' on me
I had her doin' anything that I want
'Cuz I'm a P I M P
I be that brother in your fantasies
By the time she finished dancin' on me
I had her doin' anything that I want
'Cuz I'm a P I M P
I be that brother in your fantasies
Girl what you got, girl what you got?
Girl what you got, girl what you got?
Girl what you got, girl what you got?
Girl what you got, girl what you got?
So somebody call the cops 'cuz Shorty's a problem
Somebody call the cops
