

# We Don't Sleep at Night

## Death From Above 1979

Sell all your shit get on a plane and you can fly away  
Every time that you are asked to talk all that you've got to say is  
My love is right it tells me what to do  
Take my advice and sell all your shit tooMy love is right it tells me what to do  
Take my advice and sell all your shit tooMy love is right it tells me what to do  
Take my advice and sell all your shit tooWe don't sleep at night  
We don't sleep at allWe don't sleep at night  
We don't sleep at nightSell all your shit get on a plane so you can fly away  
My love is right it tells me what to do  
Take my advice and sell all your shit tooMy love is right it tells me what to do  
Take my advice and sell all your shit too
