We're Gonna Hold On

Tammy Wynette

We're gonna hold on
We're gonna hold on
We're gonna hold on to each otherLife can be rough
Sometimes it's kind
A real good life is hard to findBut the best love is the one we've known
And the faith we have between us makes it growSome love lives
And some love don't
We've got the kind of love we wantIt brings us happiness all through the day
And nothin' can ever make it go awayWe're gonna hold on
We're gonna hold on
We're gonna hold on to each otherTime will tell
If you're right or wrong
We know we're right by holdin' onAnd the future is set for you and me
Filled with love, the way we both want it to beWe're gonna hold on
We're gonna hold on
We're gonna hold on to each otherWe're gonna hold on
We're gonna hold on (we're gonna hold on)
We're gonna hold on
