Hook, Line and Sinker

Atlas Losing Grip

The bait, the prey, the mice
Debate the method of demise
Debate your high, I'll lie beside you
Walk you down and lay the beat beneath your bedBeneath the dead
Debate the method in your head
Chemical misanthropy
Saving you from blameI'll stand below you
Lift you up, increase the pain
I'll stand below you
Lift you up, increase the painI wanna see you
Hear your voice, regret the choice
Rejoice in watching you collapse
Destroy the map
Falling headlong into the gapSwallow poison, swallow the bait
Swallow poison
Swallow every word
Said to free you from blameI'll stand below you
Lift you up, increase the pain
I'll stand below you
Lift you up, increase the painI wanna see you
Hear your voice, regret the choice
Rejoice in watching you collapse
Destroy the map
Falling headlong into the gapThe hunter dying in his trap
The hunter dying in his trap
The hunter dying in his trap
The hunter, deadSwallow poison
Swallow the bait
Swallow poison
Swallow every wordHook, line and sinker
