Carolina

Anthony Mossburg

Send my best to Carolina
I know I've done all that I can
And though I've tried my best to find her
I'm learning I am just man

Does she sing along the ocean
Does she still laugh into the breeze
Oh I swear sometimes I hear her
Oh I hear her sing to me

Oh give my love to Carolina
Oh give my love to Carolina

Well Carolina never missed me
Too busy worrying about her plans
Maybe in some other lifetime
Maybe I would be her man

I know she always said she'd love me
And how she swore there's no one else
But I guess inside I didn't trust her
Or maybe I don't trust myself

Oh Send my love to Carolina
Oh send my love to Carolina

Well anytime I open up my mouth the words don't come out right
Every time I close my eyes she's all I see
Oh I never should have given up
I can feel it deep inside
And now I swear I know
I know where I should be

Well Carolina never left me
She never would and this I knew
She never begged for my attention
But I guess the best things never do
