

Jaywalkin'

Urge Overkill

I'm the evil that's in this world
I'm the evil in you
I'm the evil that's in this world
There's too much evil, it's true I can walk with kings
I can walk with queens
I can walk for dreams
I can walk with angels
I would talk but that's not true I'm the evil that's in this world
There's not a damn thing you can do
There's too much evil within this world
I'll be the evil in you I can walk the walk of Johnny Cash
I can really walk the line
I can walk it slow
I can walk it fast
Jaywalkin' I hate walkin' in sunlight
Traffic comin' in me
Jaywalkin' it's alright
Jaywalkin' around Evil that's in this world
I'm the evil in you
I'm the evil that's in this world
There's too much evil, it's true I hate walkin' in sunlight
Traffic comin' in me
Jaywalkin', it's alright
Jaywalkin' around Evil is in this world
There's not a damn thing you can do
There's too much evil within this world
I'm the evil in you I can walk in east Australia
I can walk around the world
I can walk in Pensilvania
I can talk to whatever I choose I hate walkin' in sunlight
Traffic comin' in me
Jaywalkin', it's alright
Jaywalkin' around It's destiny, so what
It's just so long
I'ma waiste someone
I'ma waiste someone
Jaywalkin' around
