

# Strong Friend

## Royce da 5'9"

Reflections of your strong friend

You need to check up on your strong friend

Nobody ever checks up on your strong friend

Uh, strong friend I remember 2003, I hear screaming we next

I was gripping that 300, rocking Lexus GS

I put rhymestones on my du-rag, I put on leather pants

I went to partys just for bacardi

I tricked I never danced

All my friends expected to be treated just as my next of kin

Eyebrows lift up if I'm out with them and let them spin  
The question is, how is y'all problems becoming my  
problems?

I'm already hiding all of my problems behind my pap problems

When I was nine, seen my father beat the shit out of my momma

I'm smiling right now, I'm trying not to cry about them

Alcoholic, I just spent five thousand tryna' pop bottles

A Patron again, now sing along with your strongest friend

Suicide is a suicide

Suicide is a suicide

Suicide is a suicide

Suicide is a suicide You need to check up on your strong friend

The one with strength that's never gon' end

The one with sense, take care of several grown men

Pay the rent and then they trade on him

The devil play to win

I remember I had my ear canbal in my Mercedes Benz

You probably thought she gave in to the plot of saving sin

She got demons greater than, you and I

And this message is to Denaun and Shady

You say we're friends?

Well, take care of Lyric, 80 and baby Quinn like they Hailie then

This shit is my funeral, ya'll should play on my songs too

Hope my body look beautiful, while I lay in my strong suit

Rumours spread about me that ain't true

That's how the fake do

If I'm the strong friend, then what the fuck do that make you? Check up on your strong friend, uh

It's funny, they laugh at me because I'm different

But I laugh at them because they're all the same Kurt Cobain:

"We're all just suicidal kids telling

other suicidal kids suicide ain't the answer." Kendrick Lamar:

The worst thing to call somebody is crazy, it's dismissive  
I don't understand this person so he's crazy.  
That's bullshit these people are not crazy, they strong people  
maybe their environment is a little sick. Dave Chapelle:  
Black people don't know a goddamn thing about therapy Self, Capital Steez, Ty Him,  
Chester Benington, rest in peace my strong friends
