Here Before You

Izzy Stradlin

Yeah I was here before you
No matter what you do
You think about that first
Yeah I was here before youAll wound up over nothin at all
You gotta reel yourself back in
You ain't first but ya sure ain't last,
And that's a call that I have seen
You're up front in the second heat,
You got your head lined up in checkThey're getting ready to start it
They're getting ready to goYeah I was here before you
No matter what you do
You think about that first
Yeah I was here before you
Big talk don't mean a lot
When the final flag comes down
Yeah who's who at the finish line
I'm gonna wear that great big crown
Ya talking bomb, but I'll wait and see
Who's gonna be there, in the end
I'm already started
I'm fired up to go
