Succubus

Josh Stone

It's not enough, it's not enough, it never was or will be
I never had a chance to thank you for ripping out my heart
It's not enough, it's not enough, it never was or will be
I never got the chance to say fuck you
I don't want to be your tourniquet for minor lacerations
Don't wanna be your Romeo 'cause you're no goddamn Juliet
You always did know just what to say
Insult to injury, you just love to hate me
It's not enough, it's not enough, it never was or will be
I never had a chance to thank you for ripping out my heart
It's not enough, it's not enough, it never was or will be
I never got the chance to say fuck you
You've got a gun, I've got a gun, let's write a tragic ending
Don't wanna be this way again, don't wanna be the one to blame
You can have the high roads, I'll take the roads
Disguise the frailty, I just love to hate you
It's not enough, it's not enough, it never was or will be
I never had a chance to thank you for ripping out my heart
It's not enough, it's not enough, it never was or will be
I never got the chance to say fuck you
It's not enough, it's not enough, it never was or will be
I never had a chance to thank you for ripping out my heart
It's not enough, it's not enough, it never was or will be
I never got the chance to say fuck you
