

# Your Pops Don't Like Me

## Nick Cannon

Oh, females dads be trippin? for real  
I mean, I?m a player with mine, right  
And see what had happened was  
I was hollerin? at this chick in front of the 99 Cent store  
Well, here?s the whole story  
She was a tall slim, oh, chick I met last week  
At the mall, cute feet with the baby phat fleece  
She paged me to come over tomorrow  
So I smashed in the crib, bumpin?, camron  
(Oh, boy)  
With the doo rag on  
(Yo?, boy)  
When she sang that song she's turnin? me on  
If would have known her pops was home  
Could have stayed at crib, hollered at her on the phone  
But pops got hot, he was old school pimpin?  
Tank tops, flip flops and dress socks  
Rang dang when he came with the questions  
Boy, you were young and how goin? for the Lexus  
I?m sorry, Mr. Jackson, but I sell records  
Nah, once again, I ain?t got a jail record  
It?s Nick Cannon, the cat you ain?t used to  
The Rapper, actor, comedienne slash producer  
I really don?t like this dude, I can?t stand him  
Where did he come from, tell me  
I really don?t like this dude, I want so much  
So much more for my daughter  
(Your pops don?t like me)  
I really don?t like this dude, I can?t stand him  
Where did he come from, tell me  
I really don?t like this dude, I want so much  
So much more for my daughter  
(Your pops don?t like me)  
When the girls from the ghetto act the size of they stilettos  
6 7 8 wanna make us wait  
If they wanna date, gotta ask pops  
You a grown woman, all that need to stop  
At the club, yeah, you have a thug at home or not  
You daddy?s little girl that he love a lot

Well, he don?t know about that tat you got, huh  
Nah, I?m playin?, I?m just whillin?  
Shorty we should probably hooked up  
Probably teach you how to move in those [Incomprehensible]  
Cut to the next day and a half  
Called the crib and your dad hung up on my ass  
Is it ?cause of the block, ma, he don?t like me  
Or is the watch, ma, he don?t like me  
?Cause I?m pushin? a drop, ma, he don?t like me, like me  
Yo?, pops, he don?t like me  
I really don?t like this dude, I can?t stand him  
Where did he come from, tell me  
I really don?t like this dude, I want so much  
So much more for my daughter  
(Your pops don?t like me)  
I really don?t like this dude, I can?t stand him  
Where did he come from, tell me  
I really don?t like this dude, I want so much  
So much more for my daughter  
(Your pops don?t like me)  
Is it ?cause I make more money than him  
TV show, those films ain?t funny to him  
Or is it ?cause I keep the block hot with monnie and nem'  
Rims, inches on my Benz, yeah, 20 of them  
Now I?mma fullback gettin? the win  
Last time I called back, he picked up again  
Don't know if you saw that, my devilish grin  
Lettin? you know that the young black Elvis is in  
I ain?t stuntin? your pops, yo?, I ain?t frontin? your pops  
Gonna have me straight hunnin? your pops, nah  
Don?t wanna Roy Jones your pops  
Left, right, uppercut, knock out your pops  
Close the door, lock out your pops  
We on a roll now, sugar, I ain?t ?bout to stop  
Don?t care if he try to kick me out your house  
Do you understand the words that are comin? out of my mouth  
I really don?t like this dude, I can?t stand him  
Where did he come from, tell me  
I really don?t like this dude, I want so much  
So much more for my daughter  
(Your pops don?t like me)  
I really don?t like this dude, I can?t stand him  
Where did he come from, tell me  
I really don?t like this dude, I want so much  
So much more for my daughter

(Your pops don?t like me)  
Is it ?cause I?m handsome, he don?t like me  
Keep the ladies dancin?, he don?t like me  
?Cause my house is a mansion, he don?t like me, like me  
Yo?, pops, he don?t like me  
Is it ?cause of the corn rolls, he don?t like me  
Or is it my hormones, he don?t like me  
The Gs and the bank roll, he don?t like me, like me  
Yo?, pops, he don?t like me  
I really don?t like this dude, I can?t stand him  
Where did he come from, tell me  
(He don?t like me)  
I really don?t like this dude, I want so much  
So much more for my daughter  
(Your pops don?t like me)  
I really don?t like this dude, I can?t stand him  
Where did he come from, tell me  
(He don?t like me)  
I really don?t like this dude, I want so much  
So much more for my daughter
