Caught In a Dream

Alice Cooper

Well, I'm runnin' through the world
With a gun in my back
Tryin' to catch a ride in a CadillacThought that I was livin'
But you can't really tell
Been tryin' to get a whiff
Of that success smellYou know, I need a houseboat
And I need a plane
I need a butler
And a trip to SpainI need everything
The world owes me
I tell that to myself
And I agreeI'm caught in a dream, so what?
You don't know what I'm goin' through
I'm right in between, so I'll
I'll just play along with youWell, I'm runnin' through the world
With a gun in my back
Tryin' to catch a ride in that CadillacThought that I was livin'
But you can't never tell
What I thought was Heaven
Turned out to be well, well, wellWhen you see me
With a smile on my face
Then you'll know
I'm a mental caseI'm caught in a dream, so what?
I don't know what I'm goin' through
I'm right in between, so I'll
I'll just play along with you
