

# Caught In a Dream

Alice Cooper

Well, I'm runnin' through the world  
With a gun in my back  
Tryin' to catch a ride in a Cadillac Thought that I was livin'  
But you can't really tell  
Been tryin' to get a whiff  
Of that success smell You know, I need a houseboat  
And I need a plane  
I need a butler  
And a trip to Spain I need everything  
The world owes me  
I tell that to myself  
And I agree I'm caught in a dream, so what?  
You don't know what I'm goin' through  
I'm right in between, so I'll  
I'll just play along with you Well, I'm runnin' through the world  
With a gun in my back  
Tryin' to catch a ride in that Cadillac Thought that I was livin'  
But you can't never tell  
What I thought was Heaven  
Turned out to be well, well, well When you see me  
With a smile on my face  
Then you'll know  
I'm a mental case I'm caught in a dream, so what?  
I don't know what I'm goin' through  
I'm right in between, so I'll  
I'll just play along with you
