I'll Be There (When It's Over)

Giant

I've been waiting, I've been watching
Every move you make
And I see that look in your eyes
It's more than I can takeNow I know it's all for him
Reminding me what might have been
But I let you walk away, yeahHeaven knows it ain't been easy, in my heart
I know you need me back in your arms againBaby, I'll be there when it's over
After he's gone and your world comes to an end
I'll be there when it's over
You'll never cry again, you'll never cry againYou were helpless, I was heartless
All those times I hurt you
But I'm the one who feels the pain
'Cause there's no life at all without youI can't accept the truth
Just knowing that he's touching you
Is more than I can bear, yeahNo one else can really love you like I can
So let me show you just how much I careBaby, I'll be there when it's over
After he's gone and your world comes to an end
I'll be there when it's over
You'll never cry again, you'll never cry againEven though I know it's crazy I've been holding on
And they say time will heal my pain, yeahHeaven knows it ain't been easy but somehow
I just know you'll need me back in your arms again, babyBaby, I'll be there when it's over
Oh, after he's gone and your world comes to an end
I'll be there when it's over
You'll never cry again, babyI'll be there when it's over
I'll be there when it's over
I'll be there when it's over
