

Cross the Line

Kiley Dean

[Timbaland]

Oh, oh

Oh, oh

Yawl remember this one

A Timbaland classic

Oh, oh

C'mon Kiley[Kiley Dean]

I barely know his name

I know he seems real cool

He aint about no games

I think I like this dude

But I'mma play it low

And hope he doesn't see that I

Am gettin' kinda comfortable

I'mma let him know this time I know you wanna cross the line (I know)

I know you wanna cross the line

But I can't let ya (Oh, no, no, no)

I know you wanna cross the line

I know you wanna cross the line

But I just met ya (No, no)

You make me wanna cross the line (You make me)

You make me wanna cross the line (Wanna cross the line)

Its official

But I aint gonna cross the line (No, no, no)

I aint gonna cross the line

Now even wit ya He's pretty sweet on me

He even told me so

And when he touches me

I wanna tell him no

But then he's in my ear

Whispering things to me

Gotta say stop right here

Cause I can't take the heat I know you wanna cross the line (Oh no, no, no, no)

I know you wanna cross the line

But I can't let ya (I can't let ya)

I know you wanna cross the line

I know you wanna cross the line

But I just met ya (Oh, no, no)

You make me wanna cross the line (You make me wanna cross the line)

You make me wanna cross the line
Its official
But I aint gonna cross the line (But I aint gonna cross the line)
I aint gonna cross the line (I aint gonna cross the line)
Now even wit ya You different from the other guys (Oh)
I aint even gonna try and lie (I aint gonna lie)
He's truly got a crazy vibe
And ya givin' me the bedroom eyes (And ya givin' me the bedroom eyes, yeah, yeah)
No I don't wanna compromise
Cause I know it really wont be right (Oh, it wont be right no, no)
I know you wanna cross the line
But I don't wanna cross the line (But I don't wanna cross the line) I know you wanna cross the line (Oh, no)
I know you wanna cross the line (I know you wanna)
But I can't let ya
I know you wanna cross the line (I know you wanna)
I know you wanna cross the line (Cross the line, oh, oh, oh)
But I just met ya
You make me wanna cross the line
You make me wanna cross the line (Make me wanna cross the line)
Its official
But I aint gonna cross the line (I aint gonna cross the line)
I aint gonna cross the line
Now even wit ya No, I aint gonna cross the line
No
Hey, no
Oh, yeah
Da dun dun dun dun dun
Deh deh deh deh deh
