

Love Spy

Mike Mareen

Day by day and night by night I'm sitting by the phone.
I am the famous love spy
call me when you're alone.Love spy
love spyHe is so strong as all the world can seeHe is a man
oh
as all the boys wish they could be.Love spy
love spyHe is so strong as all the word can seeHe is a man
oh
as all the boys wish they could beYeah
the boys wish they could be.I quickly jump into my car and leave some dust behindI rush through New York
City
I am the daring kind.
Love spy
love spy
. . .I'll keep away the gangsters
there's nothing they can doAnd if you need protection I'll stay the whole night through.
Love spy
love spy
. . .
Love spy
love spy
