

# Teardrops In My Eyes

## New Riders of the Purple Sage

Those heartaches now are on their way  
What makes you want to be that way  
You cheated on me and you lied  
You've put teardrops in my eyes I found out what they say is true  
I hope someday that you'll be blue  
And then you'll know dear why I try  
With these teardrops in my eyes The news is out all over town  
That you've been seen out runnin' round  
I turned my head and gossip flies  
'Cause it puts teardrops in my eyes  
I found out what they say is true  
I hope someday that you'll be blue  
And then you'll know dear why I try  
With these teardrops in my eyes I never thought you'd let me down  
But now at last I understand  
You've wrecked my life and broke our vow  
You'll have to pay for it somehow  
I found out what they say is true  
I hope someday that you'll be blue  
And then you'll know dear why I try  
With these teardrops in my eyes  
With these teardrops in my eyes
