All The Way Up

Emily Osment

I like to bite my nails and play the air guitar
I like to keep my suitcase packed 'cause I'm going far
I think you're nice, but I don't wanna waste my time
I may seem crazy, but don't worry, I'm just fine
All the way up, all the way down
Never look back, it's time to break out
Want it my way, I do what I do
I know what I like, and baby it's you
Let's rock, it's a temporary life
It's a ride that takes you
All the way up, all the way down
Never look back, it's time to break out
I like to go out walking in the pouring rain
I want my rock 'n' roll to make the windows shake
I wait 'til 3 A.M. to call everyone I know
I'm gonna bring the noise, I'm ready, here we go
All the way up, all the way down
Never look back, it's time to break out
Want it my way, I do what I do
I know what I like, and baby it's you
Let's rock, it's a temporary life
It's a ride that takes you
All the way up, all the way down
Never look back, it's time to break out
It's my life, and it's a riot
Come on, baby, you can't deny it
Don't deny it
All the way up, all the way down
Holding my breath, letting it out
Want it my way, I do what I do
I know what I like, baby
All the way up, all the way down
Never look back, it's time to break out
Want it my way, I do what I do
I know what I like, and baby it's you
Let's rock, it's a temporary life
It's a ride that takes you
All the way up, all the way down
Never look back, it's time to break out

It's time to break out
It's time to break out
Right now
