

Build Your Love (On a Strong Foundation)

[Johnnie Ray](#)

(Build your love, build your love) (Build your love, build your love) Build your love on a strong foundation
And happiness will follow you Build your love on a strong foundation And you will have a love that's true
(Build your love) The formula for loves success (Build your love) A gentle word of tenderness (Build your
love) A little bit of thoughtfulness (Build your love) And then your love will stand the test Build your love on a
strong foundation And happiness will follow you Build your love on a strong foundation And you will have a
love that's true (Build your love) Keep your love forever new (Build your love) Keep your promises ever true
(Build your love) Let this be your daily guide (Build your love) You'll always have her by your side Build your
love on a strong foundation And happiness will follow you Build your love on a strong foundation And you will
have a love that's true (Build your love) Give her a flower when she's blue (Build your love) And try some
understanding too (Build your love) Don't ever let a day go by (Build your love) That you don't try to satisfy
Build your love on a strong foundation And happiness will follow you Build your love on a strong foundation
And you will have a love that's true Build your love on a strong foundation And happiness will follow you
Build your love on a strong foundation And you will have a love that's true Build your love, build your love
Build your love, build your love Build your love, build your love Build your love, build your love
