The Everlasting Shame

Nasum

It's so sad, so sad to see this farce we call equality
The gap between the sexes is still so fucking vast
The failure of generations who tried to beat the lastIn the society of men
There's not much a woman can doIt's so sad, so sad to see another destroyed sexuality
Beaten, even raped, laying naked on the floor
It's her fault, she was drunk and dressed up, she's a whoreThe everlasting shame
Stuck like an ugly tattoo
