

More Than Just A Girlfriend

[Eric Benet](#)

Girl, it's true, I can't deny
I've been around a couple of times
So you're afraid, this love in me
Tomorrow we'll no longer be
My heart beats stronger at the end of each day
Can you feel the rhythm between the two of us?
I'd be a fool to turn away
Baby, all I'm trying to say is
You're so much more than just a girlfriend
You're more than just a temporary love of mine
You're so much more than just a girlfriend
So I'll ask you forever be mine
'Cause when I'm making love to you
I can tell it's not pretend
Many things to me are you
Not just another lady friend
See every brother has a place in his heart
Only one lady can find her way to it, only one girl
To see your smile is all I need
To know that you're my destiny
You're so much more than just a girlfriend
You're more than just a temporary love of mine
You're so much more than just a girlfriend
So I'll ask you forever be mine
So I'll stay for always, 'til the end of time
Much more than loves before
Don't wanna let you go
Right here is where I'll stay
Don't you ever go away
You're so much more than just a girlfriend
You're more than just a temporary love of mine
You're so much more than just a girlfriend
So I'll ask you forever be mine
