Intestinal Crank

Cannibal Corpse

Butchers drag me to the rack
Bind my hands to the bar
Legs are fastened to the table
Hooded man unsheathes his knifeIncisions will be made
Blood drips from the blade
Visceral displayHook attached inside
Cavity gaping wide
Soon I will dieIntestinal crankMerciless, they turn the crank
Interrogation has begun
Awake I'm being disemboweled
Rotation pulling out the gutsExcruciating pain
Body starts to strain
Struggle in vainTortured by this tool
Intestines on the spool
Barbarous crueltyIntestinal crank
Intestinal crankWinding
InnardsAnd the crank will turn
And the crank will turnTurning
PullingUnremitting pain
Turn the crank againTwisting
CoilingDrawing out the guts
Drawing out the gutsThe rack
StretchingSnapping cartilage
Dislocate jointsWrithing
BrokenI will die in pain
I will die in painTorment
EndlessDisemboweled alive
Disemboweled aliveIntestinal crank
