

Songs of Deliverance (Instrumental)

[Ellie Holcomb](#)

I never imagined that I'd find You
Out in this wilderness
Never thought I'd meet a friend
Then I met You
In this dark circumstance Oh and when the siren sounds
I look for You
I pray You'll come around
Oh and when these waters rise
I'll call for You
I'll pray You'll hear my cries When trouble haunted me
I heard you sing
Songs of deliverance
Exposed and left ashamed
You took me in
Hid me in Your strong hand Oh so when the siren sounds
I'll look to You
I know You'll come around
Oh and when these waters rise
I'll call for You
I know You'll hear my cries Your intentions are not shaken
Everything that once was breaking
Tear me down and bind me up
In You I place my trust
Your intentions are not shaken
Everything that once was breaking
Tear me down and bind me up
Glory
Hallelujah There in my weakest hour
You offered grace
You gave me love unfailing
So in my heart I'll raise a banner high
Remember how You saved me I know You'll answer me
You'll hear my cries
I know You'll answer me
You'll hear my cries
I know You'll answer me
You'll hear my cries
I know You'll answer me
You'll hear my cries

Answer me
You'll give me love unfailing
Answer me
You'll give me love unfailing
Answer me
You'll give me love unfailing
Answer me
You'll hear my cry
You'll hear my cry
