

Same Song

Lakisha Jones

Verse One

Even though it's over
Even though you're gone
Still I think about you baby
And I hope and pray that maybe Somethin will bring me to your mind
Even for three minutes time

Oh Baby

And when you least expect it
Our hearts will be connected
And we'll forget we said goodbye Hook

Maybe we'll hear the
Same song at the same time
And you'll think about me
Maybe we'll hear those
Same words and those same lines
Just the way we used to be
Maybe that's gonna make you remember
And bring you back together

With me Verse Two

When I think about us
Oh it makes me smile and I wonder
If you ever

Think of how good we were together
Somethin' will take you back in time
And the make the memories rewind

Oh baby

And then for just one moment
I'll be the one you holdin'
Even if only in your mind Hook

Hook

Maybe we'll hear the
Same song at the same time
And you'll think about me
Maybe we'll hear those
Same words and those same lines
Just the way we used to be
Maybe that's gonna make you remember
And bring you back together
With me Bridge

No No
Ooh
(My baby baby baby)
You never know
Someday when you listenin' to the radio
Maybe we could hear theHook
Maybe we'll hear the
Same song at the same time
And you'll think about me
Maybe we'll hear those
Same words and those same lines
Just the way we used to be
Maybe that's gonna make you remember
And bring you back together
With me
