Sight for Sore Eyes

June

When the storms of the day have all blown away
Along with fair weather friends
There's a place I can go where the wind doesn't blow
It's the best place I've ever been
You're a sight for sore eyes
When I need a friend
You're a sight for sore eyes
Let the healing begin
When the chips are all down and there's no one around
To count on like I count on you
I just picture your face and I let it erase
All the pain that I'm goin' through
You're a sight for sore eyes
When I need a friend
You're a sight for sore eyes
Let the healing begin
Oh, when I get lost and I can't find my way
There's nowhere to turn at the end of day
You're a sight for sore eyes
When I need a friend
You're a sight for sore eyes
Let the healing begin
You're a sight for sore eyes
Let the healing begin
