The Goldfish Song

Kina Grannis

I feel defeated again

I'm always losing to myself

I tried to build a better me

Shacked a castle and it fell downI had the right intentions

Sometimes my hope envelopes me

And I can't learn the lesson

Not to send a goldfish to the sea[Chorus:]

This matter is mine

Don't worry, I'm fine

This matter is mine

This matter is mine

Don't worry, I'm fine

This matter is mineI know what you've been thinking

It's too soon to empty my cocoon

This butterfly's not ready

But, wouldn't she know better than youThis matter is mine

Don't worry, I'm fine

This matter is mine

This matter is mine

Don't worry, I'm fine

This matter is mineI'm not gonna give it up [x4]This matter is mine

(I'm not gonna give it up)

Don't worry, I'm fine

This matter is mine

(I'm not gonna give it up)

[x2]This matter is mine

Don't worry, I'm fine

This matter is mine

This matter is mine

Don't worry, I'm fine

This matter is mine
