

# Into Your Arms

## Lemonheads

I know a place where I can go  
When Im alone  
Into your arms, whoa, into your arms  
I can goI know a place thats safe and warm  
From the crowd  
Into your arms, whoa, into your arms  
I can goAnd if I should fall  
I know I wont be alone  
Be alone any moreI know a place where I can go  
When Im alone  
Into your arms, whoa, into your arms  
I can goI know a place thats safe and warm  
From the crowd  
Into your arms, whoa, into your arms  
I can goSo if I should fall  
I know I wont be alone  
Be alone any moreI know a place where I can go  
When Im alone  
Into your arms, whoa, into your arms  
I can go, I can go
