

# Reality (Even Though)

[Aaron Neville](#)

Even though we're apart, you're still right here in my heart  
Your hands are still in mine  
I can still hear you whispering words divine I can feel your warm embrace  
Just the thought of it puts a smile upon my face  
But my imagination  
Whoa, I said it's so strong  
But reality keeps assuring me I'm all alone But now from my lips comes a song with tears in my eyes  
'Cause now you're gone, so all your sweet talk...  
Even though we're apart, you're still right here in my heart  
My imagination, oh, I said it's so strong  
But reality keeps assuring me that I'm all alone My imagination, oh, so strong  
But reality keeps assuring me that I'm all alone
