City Of Angels

City Of Angels
Music and lyrics: D.A Saylor

So many ways to tow the line
So many ways to change your mind
But the hardest thing is to just let go
And share those feelings in your soul

You move in circles high and low
Only you know where you want to go
But the hardest thing is to take control
And bare the feelings that you know
Chorus

Are lost
In
a City of Angels
City of Angels
City of Angels

So lost

In
a City of Angels
Just City of Angels

You need somebody to hold you tight
You know you'll never win this fight
Still you keep trying canâ€™t say no
Even though it all feels so wrong

Itâ€™s like you're lost in an endless dream
Nothing ever coming in between
Now and then you don't know where it ends
You don't know where it ends

Chorus
Lost
in a City of Angels
City of Angels

City of Angels
So lost

in a City of Angels
just City of Angels
