

#1 Fan

Frankie J

There's this girl I saw
She's about five foot six
No doubt she's sexy, yeah
She just stepped up in the club
Right across the way from me
Shorty got me checking for her I don't know a thing about this girl
But I know she's somethin' serious
Don't wanna push up on her too fast
But I gotta have her yeah, yo
And then I said Can I get your number please?
Would you spend time with me?
Girl, I saw you when you caught my eye
And I really wanna know ya
Saw you when you first stepped in
And then I knew right there and then
Baby, it's the way you make me feel
I'm your #1 fan Now I done seen a lot of things
But I never seen a girl so perfect for me
So it's time for me to do the do
Tell her what she does to me
Feelin' so much pressure
But I gotta make my move, oh I don't know a thing about this girl
But I know she's somethin' serious
Don't wanna push up on her too fast
But I gotta have her yeah, yo
So I had to say Can I get your number please?
Would you spend time with me?
Girl, I saw you when you caught my eye
And I really wanna know ya
Saw you when you first stepped in
And then I knew right there and then
Baby, it's the way you make me feel
I'm your #1 fan She's like my favorite thing
Nothin' I've ever seen
She's like them girls in the magazines
If she'd take a chance with me
I'd give her everything, yeah
I'm telling you that she is the one, for me, ooh Can I get your number please?
Would you spend time with me?

Girl, I saw you when you caught my eye
And I really wanna know ya
Saw you when you first stepped in
And then I knew right there and then
Baby, it's the way you make me feel
I'm your #1 fan Can I get your number please?
Would you spend time with me?
Girl, I saw you when you caught my eye
And I really wanna know ya
Saw you when you first stepped in
And then I knew right there and then
Baby, it's the way you make me feel
I'm your #1 fan
Yeah
