I'm living for the sick and the poor,  
The hungry and the shelterless leaving on the floor

I'm living for the young and the old  
For the blind and the deaf and the dumb as you know  
I'm giving, jah jah love to all the road, beautiful people outta di world

Government is coming with di same damn thing  
Millions of trillionaires they're doing one thing  
Children listen wha di rasta man sing  
No matter dem destruction I would praise the king  
Why dem a tell dem, they're right over wrong  
Mr president why is it so easy to make the bomb  
Everyday is weapon of mass destruction  
See they got no love for anyone

I'm living for the sick and the poor,  
The hungry and the shelterless leaving on the floor  
I'm giving and let gotten more  
I know that the Lord will bless me for sure  
I'm living for the young and the old  
For the blind and the deaf and the dumb as you know  
I'm giving, jah jah love to all the road, beautiful people outta di world

Don't you worry all my people, cause rasta never leave y'all  
Babylon try to deceive you, Africa will top it homes and receive you  
Although the sufferations are well listened, we're doing it for and cause  
Sometime though I'm no food a me are ! ?

But jah is there for dem

And dem here for deeem  
Jah love over di place for dem  
Straight at helping into the youths  
You jah know leave dem within the truth  
Don't you hear dem crying  
Don't you see dem dying

I'm living for the sick and the poor,  
The hungry and the shelterless leaving on the floor  
I'm giving and let gotten more  
I know jah bless me and open up the doors  
I'm living for the young and the old  
For the blind and the deaf and the dumb as you know  
I'm giviiiing, let gotten more, most high open up the doors

I'm living for the sick and the poor,  
The shelterless, the homeless leaving on the floor  
I'm giving and let gotten sure  
The most high will open up the doors  
I'm living for the young and the old  
The blind and the dumb and the sick as you know
