The final war (live)

Axegrinder

looked up at the sky for the last time
so much to learn, now I never will
we screamed out in anger at their stupidity
a million souls cry out as one
so they finally sent them on their way
cruising across the sky and...
LANDthe world exploded in my head
the life blood poured from my veins
arrival time... ZERO!
we lay to waste our world
now face to face with our exodus
we now curse our own apathy
much to late to defend
we're doomed to see our planets end
so they finally sent them on their way
cruising across the sky and...
LAND
the world exploded in my head
the life blood poured from my veins
arrival time... ZERO!
we lay to waste our world
OUR WORLD
