

Life Is Happening Now (Live in Tulsa)

Chris McLeod

Do you know who you are?
Do you think about your life when you see the stars
When you're staring out the window do you know
You are alive
There's so much you could do
Don't close your eyes Have big ideas
Don't let anybody tell you what you can't be
Live like you mean it live like you have a dream
The world should know
There's no better time than now
Get up and go Life is happening now
Life is happening all around
Every morning there's a brand new chance to be who you want to be
This is the sound of life happening now Oh oh oh oh
Life is happening now
Oh oh oh oh What is your legacy
Will you leave your mark for all of history
When the curtains close will they rise from their seats
To stand and cheer
The love you leave behind
Won't disappear Life is happening now
Life is happening all around
Every morning there's a brand new chance to be who you want to be
This is the sound of life happening now Oh oh oh oh
Life is happening now
Oh oh oh oh You can live today
There's a better way
You don't have to hide Take a moment now
Stop and look around
Heaven's on your side Life is happening now
Life is happening all around
Every morning there's a brand new chance to be who you want to be
This is the sound of life happening now Oh oh oh oh
Life is happening now
Oh oh oh oh (this is the sound of life happening now) Oh oh oh oh
Life is happening now
Oh oh oh oh
