Stay Forever

4Him

Time waits for no one
It's water thru our hands
Minutes turn the hands of time
They're waves upon the sand
I can't hold on living without You
When all hope is gone
Only You remain the sameCHORUS
Roses always fade
The sweetest summers pass away
This thing I know
God's love will stay forever
All things have to end
But with the spring life starts again
This thing I know
God's love will stay foreverThinking back on years gone by
You held me by my hand
The wonder in a child's eyes
Helps me understand
That life will go on with each new beginning
As it passes on
Only Your love stays the sameREPEAT CHORUS
