Wanna Rock

Published by northern goody two tunes, ltd./capac - ascapDon't wanna move or get out of bed
That rock 'n' roll's going straight through my head
They say I'm stupid, I really don't care
Whatever they say, well I say that's fairAll I wanna do is rock 'n' roll
All I wanna do is rock and rock some more
Wanna rock, wanna rock
Wanna rock, wanna rockDon't waste my money driving 'round in a car
Save my money for electric guitars
Disco music's just a social disease
If it don't rock me, then it ain't gonna please meAll I wanna do is rock 'n' roll
All I wanna do is rock and rock some more
Wanna rock, wanna rock
Wanna rock, wanna rock, wanna rockTurn up the music, let's have a good time
Don't pull no punches, lay it right on the line
New wave, old wave, third wave will do
It don't matter when I'm dancing with youAll I wanna do is rock 'n' roll
All I wanna do is rock and rock some more
Wanna rock, wanna rock
Wanna rock, wanna rock, wanna rock
