## Meat Shits

Worst than the fucking plague  
Here comes the geek pack...  
Acting like fags worship their band  
Wearing stupid clothes and hatsThese idiots make me sick  
Talking shit never back it up  
You big mouthed little pussies  
Talk again I will fuck you upFuck with me again - faggot  
And I will kick your ass - faggotThinking you are better than me  
But when I threaten you flee...
