

Vitamin R (Leading Us Along)

Chevelle

Some will learn, many do
Cover up or spread it out
Turn around, had enough
Pick and choose, or pass it on
Buying in, heading for
Suffer now or suffer then
It's bad enough, I want the fear
Need the fear'cause he's alone
(and he has become)
He's alone
(and he has become) Well, if they're making it (making it)
Then they're pushing it (pushing it)
And they're leading us, along The hassle of (hassle of)
All the screaming fits (screaming fits)
That panic makes, remorse After all, what's the point?
Course levitation is possible
If you're a fly, achieved and gone
There's time for this and, so much more It's typical, create a world
A special place of my design
To never cope, or never care
Just use the key cause He's alone
(and he has become)
He's alone
(and he has become) Well, if they're making it (making it)
Then they're pushing it (pushing it)
And they're leading us, along The hassle of (hassle of)
All the screaming fits (screaming fits)
That panic makes, remorse! Over and over a slave, became
Over and over a slave, became
Over and over a slave, became
Over and over a slave Well, if they're making it (making it)
Then they're pushing it (pushing it)
And they're leading us, along The hassle of (hassle of)
All the screaming fits (screaming fits)
That panic held, before Well, if they're making it (making it)
Then they're pushing it (pushing it)
And they're leading us, along Like a cancer caused (cancer caused)
All the screaming fits (screaming fits)
And their panic makes, remorse
